background

The beings inhabiting the suits are moist gut, worm looking things. The ~~society~~ creatures are hybrid. Combo of alien and human. They're combined with human genetic material. The faces in the face hall are secured in a vault.

Each face is different, thus the ~~gen~~ DNA is unique to each face.

The ^{asexual} individuals in the society ~~are~~ are called upon in pairs

to give samples of ~~the individuals~~ genetic material. This ~~is~~ ^{material} combined with genetic material ~~from~~ from "predetermined faces" from the face

Having a vault of ~~faces~~ different faces allows the ~~society~~
